Prolonged sun exposure without proper protection can accelerate photoaging, leading to early wrinkles, dark spots and dehydration. For this reason, it is essential to adopt targeted protection before, during and after sun exposure, **selecting products according to your skin phototype**. Capri Beauty Line sun care treatments offer a complete range of cosmetics developed through a balanced combination of naturally derived ingredients and advanced cosmetic technologies. **Designed to support every phase of sun exposure, they protect effectively against UV rays while enhancing the tan and improving skin appearance.** Lightweight textures, fresh fragrances and practical dispensing systems make application easy and pleasant, ensuring a radiant and even complexion in every season.

FREE FROM PARAFFINS, PARABENS AND PETROLATUM.  
DERMATOLOGICALLY TESTED ACTIVES.

## TANNING INTENSIFIERS

FREE FROM PARABENS, PETROLATUM, PEGS AND PARAFFINS  
NO UV FILTERS

CODE

### SUPER TANNING ACTIVATOR MILK WITH MELANIN STIMULATOR CODE 506526\_ML 250

A lightweight activating milk that promotes tanning by supporting the skin's natural pigmentation processes while helping maintain hydration and elasticity. Its targeted action prepares the skin for sun exposure and helps achieve a faster, more even tan. Suitable for face and body, it leaves the skin soft, radiant and pleasantly nourished.

Contains: Walnut Husk Oil, Tyrosine, Beta-Carotene, Vitamins C & E, Allantoin, Aloe Extract, Coenzyme Q10, Pro-Vitamin B5

FAST-ABSORBING  
GEL

CODE  
506527

### ACTIVATING TAN PREPARING GEL WITH MELANIN STIMULATOR CODE 506527\_ML 250

Designed to promote a faster and more even tan, thanks to beta-carotene and tyrosine, it helps intensify and prolong the skin's golden tone while counteracting photo-oxidative stress. Used consistently before and after sun exposure, it enhances the tan, improving its intensity and uniformity.

Contains: Carrot Extract, Tyrosine, Beta-Carotene, Vitamin E, Coenzyme Q10

CODE  
506525

### REFRESHING TANNING WATER – FACE & BODY SPRAY WITH MELANIN STIMULATOR CODE 506525\_ML 250

A lightweight, fast-absorbing tanning water ideal for enhancing and intensifying the tan on face and body. Its exclusive formula provides hydration and immediate comfort, delivering a refreshing sensation during sun exposure. With regular use, the complexion appears more golden, even and radiant.

Contains: Calendula, Carrot and St. John's Wort Extracts, NMF Complex, Tyrosine, Menthol

CODE  
506529

### SUPER TANNING ACTIVATOR OIL – FACE & BODY SPRAY WITH MELANIN STIMULATOR CODE 506529\_ML 250

A lightweight, nourishing oil designed to enhance the tan and provide comfort during sun exposure. Beta-carotene supports the skin's natural pigmentation process, helping develop a faster, more even golden tone. The blend of lightweight oils wraps the skin in a silky veil, delivering hydration and making application extremely pleasant. The spray format ensures easy and even distribution, leaving the skin soft, radiant and velvety.

Contains: Beta-Carotene, Sweet Almond Oil, Walnut Husk Extract, Vitamin E, Aloe Vera

## SUN PROTECTION

CODE  
506536

### SUN CREAM SPF 15 FACE & BODY SPRAY WITH MELANIN ACTIVATOR CODE 506536\_ML 150

Medium protection designed to support the skin during sun exposure while promoting a natural, progressive tan. The light spray texture ensures easy application and quick absorption. Ideal for already tanned or naturally darker skin.

Contains: Tyrosine, Vitamin E

CODE  
506538

### ANTI-AGE SUN CREAM FACE SPF 15 WITH MELANIN ACTIVATOR CODE 506538\_ML 50

Medium protection facial treatment that defends against UV rays while helping to prevent signs of photoaging. Supports hydration, elasticity and skin firmness, preserving brightness and even tone.

Contains: Hyaluronic Acid, Kigelia Extract, Tyrosine, Vitamin E

CODE  
506540

### SUN CREAM SPF 30 FACE & BODY SPRAY WITH MELANIN ACTIVATOR CODE 506540\_ML 150

Designed for initial exposure and lighter skin tones, this formula provides high protection against UV rays. Helps prevent redness and sun damage while supporting a gradual, even and luminous tan.

Contains: Tyrosine, Vitamin E

CODE  
506539

### ANTI-AGE SUN CREAM FACE SPF 30 WITH MELANIN ACTIVATOR CODE 506539\_ML 50

High-performance facial protection designed to preserve skin youth during UV exposure. Enriched with Hyaluronic Acid, it helps maintain optimal hydration while improving skin tone and comfort. The formula promotes a radiant, even complexion, while supporting the skin's natural defense mechanisms against photoaging factors.

Contains: Hyaluronic Acid, Kigelia Extract, Tyrosine, Vitamin E

CODE  
506545

### SUN CREAM SPF 50+ FACE & BODY WITH MELANIN ACTIVATOR CODE 506545\_ML 150 - SPRAY CODE 506546\_ML 50 - CREAM

Very high protection ideal for sensitive, fair or reactive skin and for the first days of sun exposure. Helps maintain skin comfort and balance while protecting effectively from UV damage.

Contains: Tyrosine, Vitamin E

CODE  
506546

## AFTER SUN

FREE FROM PARABENS, PARAFFINS, PEGS AND PETROLATUM  
NO UV FILTERS

CODE  
506520

### AFTER SUN BODY MILK HYDRATING & NOURISHING

CODE 506520\_ML 250

Helps reduce heat and discomfort caused by sun, wind and salt, supporting the skin's natural recovery process. Soothing and restructuring actives help deeply nourish and provide immediate relief, leaving the skin soft, elastic and pleasantly regenerated.

Contains: Collagen, Vitamin E, NMF Complex, Oat, Calendula, Fenugreek and Aloe Extracts

CODE  
506521

### REPAIRING AFTER SUN MILK – SENSITIVE SKIN

CODE 506521\_ML 250

Specifically designed for delicate and reactive skin, it helps restore hydration and comfort after sun exposure. Its soothing and repairing action reduces redness, burning sensations and skin stress caused by the sun. The rich, enveloping texture leaves the skin calm, elastic and nourished.

Contains: Collagen, Vitamin E, Bisabolol, NMF Complex, St. John's Wort, Calendula, Aloe and Chamomile Extracts

CODE  
506523

### BI-PHASE AFTER SUN WATER – FACE & BODY SPRAY

WITH MELANIN STIMULATOR

CODE 506523\_ML 250

An innovative after-sun treatment with a light, fast-absorbing texture, ideal for those seeking hydration and freshness without a greasy feel. Shake before use to combine the two phases into a highly moisturizing and restoring formula that provides immediate relief while preserving elasticity and radiance.

Contains: Hyaluronic Acid, Collagen, Calendula and Chamomile

## HAIR PROTECTION

FREE FROM PARABENS, PARAFFINS, PEGS AND PETROLATUM  
NO UV FILTERS

CODE  
506535

### PROTECTIVE HAIR OIL SPF 20 SPRAY

CODE 506535\_ML 150

Specifically formulated to protect scalp and hair during sun exposure, this spray oil helps defend the hair fiber from UV rays, salt and chlorine. Its lightweight texture wraps the hair without weighing it down, helping maintain softness, shine and manageability.

Contains: Sweet Almond Oil, Ginseng Extract, Vitamin E
